item no. 8002839

## MOUNTING EXAMPLES

KK80 ball is replaceable up to 2x

series KU2000 with 360° free turnable pin

## WALTERSCHEID – YOUR PARTNER ON THE TRACTOR REAR

Hydraulic toplinks with original Walterscheid hook, lower link hooks operated from the driver's seat, hydraulic lateral stabilizers for a safe and comfortable work in difficult terrain – only a few milestones in the world of coupling technology developed by Walterscheid within the last 30 years.

The integration of the former Walterscheid Cramer GmbH is another highlight and a big step forward on our track to bringing more convenience and safety into agricultural business. A wide range of coupling ladders including different inserts made Walterscheid into a full service provider for high quality coupling systems for tractors and self-propelled equipment. Focussing on safe and convenient coupling systems makes us an ideal partner for OEMs and farmers.

**Walterscheid – we take agriculture forwards!**

item no. 8002728

Walterscheid couplings are made for heavy duty work and mostly in use of forged parts

newest flexing-technology and modular design for flexible part design

forged tool-free downholder for compensation of high negative charges  
360° free turnable for free sight  
forged catch device with centering function
